

The School Buzz

Jeddah International Academy – Managed by SABIS® started this academic year in August for students in Pre-K to Grade 12. As we embarked on a new year, we were thrilled to welcome all our students, both returning and new, to the Year of New Heights.

We would like to applaud and praise our students' commitment to education and learning that has been visible through Term 1. Our extracurricular program continues to develop with a variety of activities such as football, basketball, gymnastics, music, and arts and crafts. Throughout Term 1, students and parents enjoyed a variety of events such as Saudi National Day, Connecting with Nature, Bullying Prevention, Robotics and many more.

As always, effective communication between the school and guardians is essential in ensuring the success and well-being of our students. We encourage you to stay connected with us through our school website, social media platforms and the SABIS® Parent App where you will find important updates and resources to support your child's education.

As we approach the end of 2023, we would like to extend our warm wishes to the entire SABIS® community and take a moment to express our heartfelt gratitude to our incredible students, dedicated staff, and supportive parents. We are proud to be part of such an amazing school community, and we look forward to Term 2.

**With warmest regards,
JIA Administration**
